## Aston Ring Update

Now the works at the A49 swing bridge are completed, access can be gained beneath the bridge again. The route appears to be fine now except the section of Dutton 11 bridleway from the bungalow at Bartington to the wood which is very overgrown. The Council have agreed to clear this as it got missed last year and we have been lobbying for progress since then! We will post an update on our Facebook page as soon as we hear this is done. The badger activity can still be bypassed by the diversion and the illegal cattle grazing along Pickering's Cut has ceased. The Aston Ring can still be ridden by returning the same way from the swing bridge to the locks. If anyone has ridden and has encountered any problems do let us know. If anyone wants someone to ride around with, please get in touch as it is a fantastic off road route but being good at gates helps!

**BHS Bridleways Day** Saturday 4 November at Lymm Village Hall. £5 including lunch. See link for details if interested :
